## **FOREST INDUSTRY SAFETY ALERT**

### **Close Call/Serious Incident**

**Location:** Ingram Creek

**Date of Incident:** October 18, 2007

**Details of Incident:**

**An empty logging truck was traveling about 10 – 15 km per hour past a small wildlife tree patch, when a strong gust of wind caught an 80 ft green spruce tree and upended it on across the hood of the truck. Just after this tree fell two more close to the road fell behind the vehicle and two more further in crashed down as well.**

**Recommended Preventative Actions:**

Review the positioning of WTP when setting up blocks.
