*Unsafe is Unacceptable*

## **FOREST INDUSTRY SAFETY ALERT**

### **Close Call/Serious Incident**

**Location:** 2.5 km on King Edward Lake Rd.

**Date of Incident:** July 20 2007

**Details of Incident:** One of our loaded logging trucks was following another loaded truck down King Edward Lake Rd in dusty conditions. The first truck notified our driver of a dirtbike coming up the road. But due to the thick dust he wasn't able to see the dirtbike and the dirtbike almost ran into our logging truck.

**Recommended Preventative Actions:** Ultimately, the dirtbike was not authorized to be on a posted logging road, but expect the unexpected. Also extra caution should be used when travelling in dusty conditions where visibility is reduced.  
You never know what you'll encounter!!
