**Short description of other services you provide:** Timberland Safety Inc is a full service health and safety company which is dedicated to helping companies reach their full potential in protecting their workers, their equipment, the environment, and their reputation. The people at TSI have over 80 years of health and safety experience, and are experts in safety program design and implementation.

Timberland Safety also conducts training in incident investigation, WHMIS, TDG, and numerous other courses too long to list here.

We also conduct serious incident investigations such as fatalities, serious incidents, and have experience in working hand in glove with special investigators from WorkSafeBC doing parallel investigations, which will ultimately help prevent a recurrence of a similar incident.

Timberland Safety can also create a safety manual specifically designed for your business unit and type of operations which will meet or exceed the SAFE Companies certification requirements within a relatively quick time frame.
