

Excerpt from the *Transport Canada Vessel Certificates Regulations*:

"sheltered waters voyage" means a voyage

(a) that is in Canada on a lake, or a river above tidal waters, where a vessel can never be further than one nautical mile from the closest shore;

(b) that is on the waters listed in column 1 of an item of Schedule 1 during the period specified in column 2 of that item; or

(c) that is made by a ferry between two or more points listed in column 1 of an item of Schedule 2 during the period specified in column 2 of that item. (*voyage en eaux abritées*)

Vessel Certificates Regulations (SOR/2007-31)

SCHEDULE 1 (Section 1)

SHELTERED WATERS VOYAGES — WATERS

PART 6 — BRITISH COLUMBIA

Column 1 Item Waters	Column 2 Period
1. The waters of Vancouver Harbour east of a line drawn from Point Atkinson to the “QA” buoy (49°16.6’N, 123°19.3’W), thence to the western end of the North Arm Jetty and thence to Point Grey, including False Creek and Indian Arm	Beginning on January 1 and ending on December 31
2. The waters of the Fraser River east of a line drawn from Point Grey to the western end of the North Arm Jetty and following the western coasts of Iona Island and Sea Island, including the causeway between Iona Island and Sea Island, to a point on the south side of Sea Island at 49°11.2’N, 123°12.2’W, thence following a line from 49°11.2’N, 123°12.2’W to a position at 49°11.2’N, 123°12’W, thence south to a position at 49°7.85’N, 123°12’W, thence to a position at 49°8.3’N, 123°14’W, thence to a position at 49°6.15’N, 123°19.3’W, thence to a position at 49°5.4’N, 123°19.3’W, thence to a position at 49°7.4’N, 123°14’W, thence to Pelly Point (49°6.6’N, 123°11.2’W) and south following the west coast of Westham Island to the line of longitude 123°10’W and following that line of longitude	Beginning on January 1 and ending on December 31
