Dustin Meierhofer, BSc, RFP

Dustin Meierhofer

Director, Transportation

Email: dmeierhofer@bcforestsafe.org

Dustin Meierhofer joined the BC Forest Safety Council as Director, Transportation in December 2013.

Dustin leads and supports the development of injury prevention programs for Transportation activities relating to Forestry throughout BC and provides oversight and support with other BC Forest Safety Council safety programs and initiatives in the Northern areas of the Province.

A Registered Professional Forester, Dustin has more than 20 years of experience in the resource sector. Before joining the BC Forest Safety Council, he was CEO of General Biofuels BC group of companies, having held progressively more senior and diverse roles in resource management operations for Timberline Natural Resource Group and other employers.

Throughout his career Dustin has had a core responsibility and appreciation for sound occupational health and safety practices and has authored or co-authored numerous publications and technical reports on various aspects of forestry.

Dustin and his family have lived in Prince George for 21 years.
