SAFE Companies SEBASE and ISEBASE Audit

Instructions

The SEBASE and ISEBASE Audit Submission Package is designed to help employers satisfy the submission requirements of the SEBASE audit. This submission document is intended for companies with

- An average size in its operating* months for the year of 19.99 or less.
- A peak size for any month of the year of 24 or less.

If your company has had any changes in ownership, business activities, name, WorkSafeBC account or classification(s), please contact the Council prior to your audit.

Completing the package

The person completing this package must be a small company internal auditor. This means the person must have attended the Small Employer Occupational Health and Safety (SEOHS) training course. To be eligible for WorkSafeBC's 2024 Certificate of Recognition (COR) incentive credit, your company's internal auditor may need to take the COR refresher training before submitting your 2024 audit if their Small Employer OHS course was taken before 2021. The WorkSafeBC Certificate of Recognition program requires small employer auditors receive seven hours of refresher training every three years. Please carefully read every question. Each numbered question, plus the CAL and the training chart are worth one point each. Questions 2A, 2B, 9A and 9B are worth half a point each. A successful score is 80% or 19/24 points.

Submissions which score less than 70% (17 points) will be returned as unsuccessful. A full re-submission is then required from the company to be successful.

For further assistance contact our office at 1-877-741-1060 and ask to speak to a Safety Advisor.

Audit Submission Package
