

INDUSTRY SAFETY ALERT

Protect your vision if viewing the total eclipse on April 8th

Date: April 8, 2024

Details: A Solar Eclipse is coming to Canada's skies on April 8, 2024. While the path of totality is focused on Eastern Canada, there will be a partial eclipse Canada-wide except in parts of Yukon.

Learnings & Suggestions: Discuss the hazards with your workers. Looking at a partial eclipse for even a brief moment can cause serious damage to the eyes if one is not using specialized equipment.

Resources: For helpful information and videos, refer to:
